**Subject:** Dicamba Call - Only if you have time  
**Date:** Tuesday, September 20, 2016 5:49:00 PM

---

Folks,

There is a call tomorrow with HQ and external parties to discuss Dicamba. As a courtesy, we were invited to listen in on the call only because there will be researchers from Region 4 on the line. It is my understanding that the call is from 10-12 on Wed. 9/21. We can only have one participant, so if you are interested let Tony know with a cc to me by 9:00 tomorrow morning.

Thanks!

Kimberly

FYI

NC has received a dicamba complaint from an Extension Agent in Union County. There may be 5 farmers with drift damage to various crops. Dicamba may have been applied by helicopter. I'll keep you posted.

Carol & Mark,

I am unaware of this herbicide and any cases we may have initiated on the civil side. Does it ring any

bells?

Thanks,  
Scott

Scott,

I spoke to Andy this morning and understand we have not opened any dicamba-related criminal cases in the region, however, he recommended I check with you too about anything on the civil side.

Thanks,

**To:** Marraccini, Davina  
**Subject:** Dicamba drift

Sorry--left the subject line off the previous msg

Dear Ms. Marraccini:

I am trying to find out whether EPA Region 4 is investigating, or coordinating an investigation into, illegal herbicide use in any of the states in the region -- *specifically*, illegal use of dicamba that may have drifted onto other farms and damaged crops there. As you are probably aware, warrants were executed at locations in the bootheel. Have any such warrants been issued in your region?

Thank you.

Steve Davies

**Subject:** RE: Upcoming visit to Georgia

Here are the details I have thus far:

Thursday:

1. Visit Macon County Palmer amaranth research efforts on way down (dicamba).
2. Tifton to meet with entomologist; visit plots and growers in Tifton area.
3. Stay in Tifton

Friday:

1. Tour Lewis Taylor Farms
2. Visit plots and growers in Tifton regarding Lorsban.

Rick,

Kim Tomczak from Region 4 Pesticides Section and Tommy Gray, GDA are planning to join you. Do you have an itinerary you could share with us so that we can make our travel plans.

Thanks,  
Carol

FYI,

Tennessee's complaints.

TN has been receiving drift complaints on soybeans. At present they have 12 all out of West TN in the counties of Crockett, Dyer, Lake, Lauderdale and Obion. Samples have been collected and are still being collected. At present the lab will be testing for 2,4-D and Dicamba. Enlist Duo is not registered in TN.

TN are in the very yearly stages of these investigations, we have no lab results at present and may have a potential violator, but it has not been confirmed.
